Summon™

One search box... your library discovered.

What is SUMMON?

- researcher central, which allows you to search in one place in licensed and free information sources that have the UPJŠ University Library in Košice available

Thanks to its functions, you can access full texts from prepaid but also freely available databases and at the same time get an overview of all available e-books and e-magazines.

It also includes the RefWorks Lite Citation Manager
- an online service for storing and sharing citations, full texts, and creating bibliographies

Where can you find SUMMON?

Directly in our VuFind catalog
